Adobe

Adobe Creative Cloud for teams

Unleash limitless creativity and collaboration to power your business's success.

Adobe Creative Cloud for teams gives you the world's best creative apps and services in a single, secure, integrated platform. Now your creative and marketing teams can design incredible content for virtually any medium, boost productivity with tools that improve collaboration and brand consistency, and achieve success faster with easy access to amazing creative assets and intuitive learning content. Plus, you can count on simplified license management and total control over your software and assets to help your team stay focused on creating great work.

Create for virtually any medium with 20+ apps.

Design the highest quality work for print, web, video, mobile, and immersive media using the latest versions of Creative Cloud apps. Use faster, smarter Adobe Photoshop, which includes AI-powered features to quickly repair damaged photos and make more precise selections. Loop and twist objects together and create 3D vector graphics. Take collaboration to the next level with review and approval and Camera to Cloud capabilities in Adobe Premiere Pro.

Discover easy ways to work better together.

Share a link to your Adobe Photoshop, Illustrator, and Fresco cloud documents—anyone can view and comment via the web, no need for a paid Creative Cloud membership. Comments made on the web automatically come back into the Photoshop, Illustrator, or Fresco app. Easily view the version history of a cloud document or Creative Cloud file and restore previous versions for up to 180 days. Invite collaborators to contribute to your creative work right from favorite apps like Photoshop, Illustrator, and Fresco. Get 1TB of storage per user with the option to pool storage for the whole team for greater flexibility. And work more productively with the apps you use every day thanks to integration with Microsoft Teams, Microsoft Power BI, Confluence, Slack, and other key business tools.

Maintain brand consistency.

Help ensure a consistent look and feel across all your business assets. Share colors, images, and other elements of your creative system and control editing across apps and devices using Creative Cloud Libraries. Your libraries are available inside your Creative Cloud apps as well as Microsoft Word, PowerPoint, Gmail, and Google Workspace. Use the API to fully integrate libraries into your design workflows and get flexible access to your creative elements and designs.

Get the assets, resources, and help you need.

Find fonts, colors, templates, and creative assets using Adobe Fonts, Adobe Color, and Adobe Stock. Creative Cloud for teams Pro Edition includes unlimited access to Adobe Stock standard assets.* Discover creative inspiration on Behance and learn new techniques using interactive tutorials. Build a best-in-class creative team with the integrated Adobe Talent job posting service. Get advanced technical support plus 1:1 Expert Sessions to help your team master new creative skills and workflows. And access Help content online anytime, or during business hours, call a dedicated support line with local language assistance.

Control your company's assets.

Enjoy peace of mind knowing that your creative assets and libraries can be reclaimed when staffing changes.

Simplify license management.

The web-based Admin Console enables administrators to add or reassign licenses anytime with just a few clicks. Billing catches up at your next payment cycle. Deploy apps and updates your way—either handle them centrally or let team members self-install as needed. Either way, they can start downloading and using apps immediately.

Unlock savings.

Get budget predictability and lower upfront costs with an annual Value Incentive Plan (VIP) membership that gives you access to Adobe's creative desktop apps plus exclusive feature updates at no additional cost. Choose your own subscription anniversary date to align with your organization's budget cycle. Enjoy volume discounts for 10 seats or more with VIP.

*Adobe Stock is a separate purchase without a Pro Edition plan.
