NordLayer + NordLayer Browser

NordLayer already secures your clients' network. Now it secures their browser too

NordLayer combines network and browser security in one centralized platform, giving you full visibility and control over your clients' environments. NordLayer Browser is **now included in every NordLayer partner plan at no additional cost.**

Partner plans

Lite

Best for: Clients with hybrid teams who need foundational network and browser security without complexity.

Core

Best for: Clients who need tighter web traffic control and deeper SaaS governance across devices.

TOP CHOICE

Premium

Best for: Clients with complex environments who need zero trust enforcement, and scalable security.
