Stand Out In The MSP/MSSP Market

You're supposed to be your clients' go-to cybersecurity partner, they come to you for advice and guidance on running their business.

According to an internal EasyDMARC study, small and midsize businesses (SMBs) looking to switch MSPs are willing to pay 20% more on average for the right cybersecurity measure.

Also, 9 in 10 potential customers would hire a new MSP if it has a strong cybersecurity solution.

By partnering up with EasyDMARC, you can add value to your services as an MSP and generate additional revenue in the fast-growing DMARC market.

Our MSP offering will fully train you to read threats and get your customers' domains DMARC compliant and secured.

The Benefits of Partnering with EasyDMARC

- ✓ **Increase Revenue and Client Retention Rate**
Clients are more likely to stick with MSPs who provide comprehensive security solutions.
- ✓ **Reduce IT Support Costs**
Automate DMARC management by eliminating manual configuration and support-related costs.
- ✓ **Improve Customer Satisfaction and Competitive Advantage**
Improve your clients' domain security posture, reduce the risk of email-based attacks, win new clients, and grow your MSP revenue.
- ✓ **Scale Your Business with EasyDMARC**
Our platform scales with you. Manage multiple domains and clients from a single, centralized platform without high overhead costs.

Join leading MSPs growing and winning with **EasyDMARC**

Increase sales conversion and customer retention rates, and provide a competitive advantage in the MSP market with EasyDMARC.

DMARC (or Domain-Based Message Authentication, Reporting, and Conformance) applies to everyone with a domain. 350 million active domains exist worldwide. Still, only 2% have implemented DMARC.

2022 brought 53.5% of impressive annual growth in DMARC implementation. With a frugal CAGR prediction of 33.9%, MarketWatch estimates that the DMARC Software market will reach USD 721.8 million by 2028.

EasyDMARC is your MSP's all-in-one, automated, and simplified DMARC management and monitoring platform. We help you level up your clients' email domain management with a smart and intuitive workspace. We offer custom plans to address specific groups of MSP customers.

We provide all our partner MSPs with:

- ✓ Training sessions
- ✓ Marketing and sales materials
- ✓ The ability to embed our tools into your website
- ✓ And everything that can help to grow your MSP business.

Would you like to see the EasyDMARC MSP demo and learn how you can benefit from our solution?

Every day, we are asked by another IT professional why they did not discover us sooner!
