

# Maximize Your Dynamics Launch: Expert-Led, Stress-Free Solutions

Affordably upgrade ERP systems with the Business Central Implementation Program

Implementing a new accounting and operations software system for your clients can be **intimidating**. Upfront implementation costs, long timelines and lack of bandwidth and expertise can stand in your way.

Pax8 and Microsoft have partnered to offer discounted implementations for Microsoft Dynamics 365 Business Central. Through the Business Central Implementation Program, you can confidently and more affordably implement this Enterprise Resource Planning (ERP) solution for your clients.
