

Develop Expertise to Optimize Project Management Effectiveness

Need strategies to improve project management?

Collaborating with project managers and coordinators like you is a proven method for mastering the diverse skillset needed to more efficiently manage projects—both on time and on budget. Effective project management helps grow your business by improving your ability to achieve a healthy gross margin and EBITDA, while also ensuring you meet the needs and expectations of your clients.

Project Manager Peer Groups are uniquely curated to provide the support and expertise you need to achieve greater success in this challenging role by improving your skills and processes. Transform your business by exchanging knowledge through valuable conversations with peers in similar roles, as well as Pax8 Academy Facilitators with project management experience.

Mastering Both Strategic and Tactical Skills

Project Manager Peer Groups provide an opportunity for members to collaborate on best practices for improving their project management practices, as well as developing both their strategic and tactical skillsets. Move your company forward by improving efficiency and sharpening critical project management skills, including communication, planning and scoping, scheduling, delivery and execution, and change management.

Building a Community

Pax8 Academy Peer Groups are a community that empowers each participant to support all fellow members. Peer Groups provide the highest value when every member is committed to being present, actively participating, and being accountable to the group. To enable interaction and collaboration, members will have access to a unique *Microsoft Team* for their Peer Group, as well as the *Microsoft Team* for all Peer Groups in North America (provided in the Pax8 environment).
