YOUR PATH TO SUCCESS: THE TRUNORTH DYNAMICS ROADMAP!

Let TruNorth Dynamics guide you through the dynamic tech landscape and position your business for success both now and in the future. Our journey begins with a crucial step: a comprehensive plan of action. Depending on your specific needs, we offer various options to kickstart your organization's goals. Let's explore the possibilities and chart a course together!

Essentials Roadmap

$3,000 Fixed Fee Engagement

The Essentials Roadmap is designed to ensure our clients' successes by providing a deliverable tailored for decision-makers, emphasizing key business-solving benefits over the technical details.This deliverable includes concise documentation showcasing the solution's highlights, estimated completion hours, and a high-level project cost estimate. Our team completes this process within a two-week timeframe.

Full Roadmap

Time and Materials Paid Engagement

The Full Roadmap provides a comprehensive plan uniquely designed to meet your organization's specific needs. By combining deliverables that address both decision-makers and technical aspects, we pave the way for achieving your business application goals from the beginning.Throughout this process, we engage in a series of collaborative meetings with your team and our experts at TruNorthDynamics. As a result, you'll receive a comprehensive, clear path forward, along with estimated completion hours and total project costs.

After receiving either the Essentials or Full Roadmap, the next steps involve collaboration and action:

Review and Clarify: Take time to thoroughly review the Essentials Roadmap. If you have any questions or need clarification, reach out to our team.

Alignment with Stakeholders: Share the roadmap with relevant stakeholders within your organization. Ensure alignment on goals, priorities, and expectations.

Engage with TruNorth Dynamics: Schedule a follow-up meeting with our experts. We'll discuss implementation details, address any concerns, and tailor the plan further.

Execute: Begin executing the roadmap toward a project's implementation with the TruNorth Dynamics team!
