

Develop Proven Expertise and Skills to Secure Your Business

Looking for expert guidance to strengthen security?

Collaborating with MSP Security Professionals like you is a proven method for mastering the constantly evolving skillset needed to effectively develop, evaluate, and strengthen your security program.

Security Peer Groups are uniquely curated to provide the support and expertise you need to achieve greater success by having a strong security practice for your company and your clients. Keep current with the ever-changing security landscape and continually improve your processes by sharing knowledge with peers in MSP security roles.

Participation in Security Peer Groups includes:

- Two Monthly *Microsoft Teams* Meetings (virtual, 1-hour meetings)
- Two types of meeting formats, each with a unique content focus:
 1. Peer-to-peer sharing, focused on news and best practices
 2. Practical conversations about security frameworks, demonstrations, and guest speakers

Develop a Highly Effective Security Practice

Security Peer Groups bring together proven strategies and tactics from Pax8 Academy experts and your fellow MSP professionals to help you stay up to date on the latest industry developments and trends. Keep your company at the forefront of security best practices through continuous learning and collaboration.

Building a Community

Pax8 Academy Peer Groups are a community that empowers each participant to support all fellow members. Peer Groups provide the highest value when every member is committed to being present, actively participating, and being accountable to the group. To enable interaction and collaboration, members will have access to a unique *Microsoft Team* for their Peer Group, as well as the *Microsoft Team* for all Peer Groups in North America (provided in the Pax8 environment).
