Pax8 Vendor Line Card

COMMUNICATIONS

8x8	• **Category: Communications; Subcategory: UCaaS, CCaaS** • 8x8 X Series is an all-in-one communications platform that combines cloud phone, video collaboration, team chat, contact center and analytics.
Acronis	• **Category: Communications; Subcategory: UCaaS** • Acronis sets the standard for cyber protection and hybrid cloud storage through its innovative backup, anti-ransomware, disaster recovery, storage, and enterprise file sync and share solutions.
bvoip perfectly clear	• **Category: Communications; Subcategory: UCaaS, VoIP** • bvoip's Cloud Unified Communications offering is an IT channel-only solution that offers MSPs new ways to benefit from the communications market.
Call2Teams®	• **Category: Communications; Subcategory: UCaaS** • Call2Teams is an add-on to Office 365 that connects Microsoft Teams to any PBX phone system or SIP Trunk in minutes, allowing the making and receiving of calls on any device using the Teams App.
Clerk Chat	• **Category: Communications; Subcategory: SMS** • Clerk Chat simplifies communication with secure SMS, text messaging, and connects with other platforms such as Microsoft Teams, Salesforce, and Global Relay
Five9	• **Category: Communications; Subcategory: CCaaS** • Five9 Cloud Contact Center software enables agents to be more effective and deliver a better omnichannel customer service experience.
Microsoft	• **Category: Communications; Subcategory: UCaaS** •Microsoft offers communication solutions to help people stay in contact, do work, and engage from
nextiva	• **Category: Communications; Subcategory: UCaaS, CCaaS** • Nextive ONE is a unified communications solution that combines communication tools and business apps to help businesses manage sales, service, and more across one comprehensive application.
RingCentral	• **Category: Communications; Subcategory: UCaaS, CCaaS** • RingCentral Office integrates phone, video, meetings, and messaging in one reliable, easy-to-use solution.
SIPPIO	• **Category: Communications; Subcategory: UCaaS, VoIP** • SIPPIO is an award-winning voice enablement platform that offers the easiest and fastest way to enable PSTN calling in Microsoft Teams Phone and Zoom Phone.
Solgari	• **Category: Communications; Subcategory: CCaaS** •Solgari enhances customer and employee experiences through AI-powered customer engagement in a cloud-based contact center.
talkdesk	• **Category: Communications; Subcategory: CCaaS** • Talkdesk Enterprise Cloud Contact Center empowers companies to make customer experience their competitive advantage resulting in increased customer satisfaction, productivity, and cost savings.
zoom	• **Category: Communications; Subcategory: UCaaS** • Zoom provides an easy, reliable, and innovative video-first unified communications platform for video meetings, voice, webinars, multichannel chat, and conference room systems.

CONTINUITY

Acronis	• **Category: Continuity; Subcategory: Backup, Disaster recovery, SaaS backup** • Acronis Cyber Protect Cloud unites backup and next-generation, AI-based anti-malware, antivirus, and endpoint protection management in one solution.
arcserve®	• **Category: Continuity; Subcategory: Backup, SaaS backup, Diaster recovery** • Keeps organizations' critical information always safe, accessible, and optimized with data protection, data management, and business continuity solutions.

Pax8 Vendor Line Card

Axcient	• **Category: Continuity; Subcategory: Backup, SaaS backup, Diaster recovery** • Leading supplier of cloud data protection, business continuity, and cloud file sync solutions for MSPs, cloud service providers, system integrators, and VARs.
CARBONITE	• **Category: Continuity; Subcategory: Disaster recovery, High availability** • Software-based high availability and infrastructure migrations designed to protect data, minimize downtime, and maximize resources for the modern data center.
Commvault	• **Category: Continuity; Subcategory: Backup, Disaster recovery, SaaS backup** • Commvault provides broad coverage, layered security, advanced automation, AI, and threat intelligence while delivering fast, granular recoveries and maintains air-gapped, isolated, and immutable data.
Dropsuite	• **Category: Continuity; Subcategory: Email archiving, SaaS backup** • Dropsuite safeguards business information through backup and email archiving.
Infrascale™	• **Category: Continuity; Subcategory: Backup, Disaster recovery** • Infrascale equips businesses with the confidence to handle the unexpected by providing less downtime, greater security, and always-on availability.
probax	• **Category: Continuity; Subcategory: Backup, Disaster recovery, SaaS backup** • Probax offers advanced data protection and cloud storage solutions through innovative automation technology, simplifying operations and reducing costs.
proofpoint.	• **Category: Continuity; Subcategory: Email archiving** • Multitenant platform providing the MSP with a single portal to log in, manage and support all their
redstor™	• **Category: Continuity; Subcategory: Backup, Saas backup, Disaster recovery** • Discover, manage, and protect your entire data estate from a single access point. Restore the data you need, whenever you need it.
skykick	• **Category: Continuity; Subcategory: SaaS backup** • Helps build successful cloud businesses by making it easy and efficient for IT providers to migrate, backup and manage their customers in the cloud.
Symantec.	• **Category: Continuity; Subcategory: Backup, Email archiving, Disaster recovery** • Cloud-based email security helps companies, governments, and individuals secure their most important data wherever it lives.
VEEAM	• **Category: Continuity; Subcategory: Saas Backup, Disaster recovery, Backup** • Manage ALL virtual, physical, and cloud-based workloads from a single console.

FINANCE

FlexPoint	• **Category: Finance; Subcategory: Payment platform** • FlexPoint integrates into your PSA and accounting software to provide a unified billing experience for your
intuit quickbooks.	• **Category: Finance, Subcategory: Accounting, Payroll, Time tracking** • Intuit Quickbooks provides a streamlined suite of financial management tools that are simple to use and
trunorth DYNAMICS	• **Category: Finance, Subcategory: Accounting** • TruNorth Dynamics solutions improve efficiency, data management, and remote work capabilities—all within the Microsoft Dynamics ecosystem.

HUMAN RESOURCES

crewhu!	• **Category: Human resources; Subcategory: Employee engagement** • Crewhu provides an employee recognition and customer satisfaction platform built for MSPs that makes it easy to keep customers happy and grow your organization.

INFRASTRUCTURE

Pax8 Vendor Line Card

aws	• **Category: Infrastructure; Subcategory: IaaS, Storage** • AWS (Amazon Web Services) is the world's most comprehensive and broadly adopted cloud platform, offering over 200 fully featured services from data centers globally.
IONOS	• **Category: Infrastructure; Subcategory: IaaS** • Flexible cloud servers and networking, an integrated Data Center Designer tool for visual control over the cloud and the best price/performance value available
KALIBR8	• **Category: Infrastructure; Subcategory: IaaS, IaaS & DaaS Management** • Kalibr8 is a multi-tenant cloud management platform for MSPs with advanced analytics and automation to optimize cloud investments
Microsoft Azure	• **Category: Infrastructure; Subcategory: IaaS, Storage** • Microsoft Azure Plan is a new commerce experience in Partner Center that provides partners access to Azure services at pay-as-you-go rates for customers under the Microsoft Customer Agreement.
nerdio	• **Category: Infrastructure; Subcategory: IaaS & DaaS Management** • Packages empower MSPs to build successful Azure Virtual Desktop (AVD) practices and to quickly deliver successful Microsoft Azure cloud services.
printix a KOFAX company	• **Category: Infrastructure; Subcategory: Print Management** • Printix Cloud Print Management is a cloud-based print management software that is flexible, scalable and easy to use. It will be available in all regions.
wasabi	• **Category: Infrastructure; Subcategory: Storage** • 80% lower price than AWS S3 and up to 6x faster than AWS S3, with no egress or API request charges.

IT OPERATIONS

Acronis	• **Category: IT operations; Subcategory: Workflow automation** • Acronis Cyber Protect Cloud unites backup and next-generation, AI-based anti-malware, antivirus, and endpoint protection management in one solution.
Addigy	• **Cateogry: IT operation; Subcategory: MDM, RMM** • Secure, multi-tenant, SaaS platform provides unmatched oversight into your devices enabling admins to enroll and deploy devices to customers based on the branding and settings they expect, right out of the box.
airSlate	• **Category: IT operations; Subcategory: Workflow automation** • airSlate cloud solutions span PDF editing, workflow automation, e-signature workflows, robotic and document process automation.
Auvik	• **Cateogry: IT operation; Subcategory: Network monitoring, SaaS management** • Auvik is a cloud-based IT management platform that empowers IT teams to navigate change with less friction by providing seamless deployment, an intuitive interface, and effortless automation.
BitTitan	• **Category: IT operations; Subcategory: Data migration** • Delivering a complete cloud-based migration solution that helps companies move from existing to new
CARBONITE an opentext company	• **Category: IT operations; Subcategory: Data migration** • Software-based high availability and infrastructure migrations designed to protect data, minimize downtime, and maximize resources for the modern data center.
cloudradial	• **Category: IT operations; Subcategory: Help desk** • CloudRadial leverages the power of on-demand reporting, real-time insights, and automation, so that MSPs can support their clients' business needs while proving their value as trusted advisors
lectroNeek	• **Category: IT operations, Subcategory: Robotic process automation (RPA)** • ElectroNeek combines RPA, iPaaS and IDP features so processes of any complexity can be automated, on-premise or in the Cloud.
GoTo	• **Category: IT operations; Subcategory: RMM, Remote access** •This all-in-one remote IT management software provides clients with seamless, secure support. Easily manage, monitor, and access client devices from one central location.

Pax8 Vendor Line Card

IBM MaaS360 | With Watson	• **Cateogry: IT operations; Subcategory: MDM** • Makes working in a mobile world simple and safe by delivering comprehensive mobile security and management for applications, documents, email, and devices.
liongard	• **Category: IT operations; Subcategory: Documenation** • Empowers faster resolutions, eliminates unnecessary escalations and enables you to create alerts and reports to easily manage your customers' systems by centralizing deep system data.
MSPbots	• **Category: IT operations, Subcategory: Help desk, Robotic process automation (RPA), Workflow automation** • MSPbots' BI Dashboards empower you to preemptively manage your operations with our advanced, real-
N-ABLE	• **Category: IT operations; Subcategory: Documentation** • N-able Passportal and Document Manager combines industry-leading password security with a powerful documentation management solution.
nuvolex	• **Category: IT operations; Subcategory: SaaS management** • Manage all Microsoft users/licenses/VMs from a "single pane of glass" XaaS administration portal.
rewst	• **Category: IT operations, Subcategory: Robotic process automation (RPA)** • A specialized (RPA) platform empowering MSPs to automate their workflows effortlessly, without the need for coding or additional agents.
skykick	• **Category: IT operations; Subcategory: Data migrations, SaaS Management** • Helps build successful cloud businesses by making it easy and efficient for IT providers to migrate, backup and manage their customers in the cloud.
SuperOps	• **Category: IT operations; Subcategory: Documentation** • SuperOps is transforming MSP businesses by integrating PSA and RMM into a single, AI-enhanced platform, designed to increase profitability and efficiency.
TIER2 TECHNOLOGIES	• **Category: IT operations; Subcategory: Help desk** • Tier2Technologies creates software and hardware that improves the quality of life for modern, customer-oriented IT Support Professionals.
work 365	• **Category: IT operations; Subcategory: SaaS management** • Work 365 Power by IOTAP is a Subscription Management and Billing Automation application built on Power Platform. MSPs can grow recurring revenue, reduce service costs, and enable self-service capabilities.

NETWORK

altice	• **Category: Network; Subcategory: Connectivity** • Altice Business offers data, Internet, voice, managed services and pay TV products to hundreds of thousands of small, medium and large-sized businesses
AT&T Business	• **Category: Network; Subcategory: Connectivity** • AT&T High Speed Internet delivers secure high-speed internet with speeds up to 1Gbps and over 99%
bigleaf networks	• **Category: Network; Subcategory: SD-Wan** • Bigleaf SD-WAN is the next generation of Internet optimization and is based on the natural redundancy found in leaf veins.
CATO NETWORKS	• **Category: Network; Subcategory: SD-Wan** • Cato Cloud connects all data centers, branches, mobile users, and cloud resources into an agile and secure global network.
COMCAST BUSINESS	• **Category: Network; Subcategory: Connectivity** • Powered by an advanced network, and backed by 24/7 customer support, Comcast Business offers Ethernet, Internet, Wi-Fi, Voice, TV and Managed Enterprise Solutions to help organizations of all sizes.
COX BUSINESS	• **Category: Network; Subcategory: Connectivity** • Cox Business Internet Service offers fast, reliable Internet service with flexible plans, business-grade speed, and 24/7 support to help keep your business moving forward.

Pax8 Vendor Line Card

domotz	• **Category: Network; Subcategory: Network monitoring** • The SaaS Management solution is a premier Remote Monitoring and Management platform for IoT, and offers powerful network management software for MSPs, Integrators, Security Professionals, and Business
EPIC IO	• **Category: Network; Subcategory: Connectivity** • Leverages high-speed 4G LTE and LTE Advanced business internet service for both primary and backup network solutions. It delivers multi-carrier connectivity regardless of location.
Frontier BUSINESS	• **Category: Network; Subcategory: Connectivity** • Frontier offers a variety of services to residential and business customers over its fiber-optic and copper networks in 25 states, including video, high-speed internet, advanced voice, and Frontier Secure digital
LUMEN®	• **Category: Network; Subcategory: Connectivity** • Helps businesses increase network agility, performance, and reliability with solutions designed for maximum productivity and performance.
SPECTROTEL	• **Category: Network; Subcategory: Connectivity** •Spectrotel sources and integrates solutions from best-in-class technology providers to deliver comprehensive solutions that minimize risk, optimize resources and technology, and modernize the
Spectrum	• **Category: Network; Subcategory: Connectivity** • Spectrum Business Internet provides the Internet Speeds necessary to support your businesses, through fast and reliable connections to increase your productivity and give your business an edge.
Viasat	• **Category: Network; Subcategory: Connectivity** • Viasat is the global communications company that believes everyone and everything in the world can be connected
vmware®	• **Category: Network; Subcategory: SD-Wan** • VMware SD-WAN by VeloCloud assures enterprise and cloud application performance over Internet and hybrid WAN while simplifying deployments and reducing costs.
WatchGuard	• **Category: Network; Subcategory: Wi-Fi** • Industry-leading network and endpoint security, secure Wi-Fi, multi-factor authentication, and network intelligence products and services.
zayo	• **Category: Network; Subcategory: Connectivity** • Zayo Internet enables businesses to improve performance and run mission-critical business functions with a dedicated, reliable, and fast internet connection across Zayo's owned fiber backbone.

PRODUCTIVITY

Acronis	• **Category: Productivity; Subcategory: eSignature, File sharing** • Acronis Cyber Protect Cloud unites backup and next-generation, AI-based anti-malware, antivirus, and endpoint protection management in one solution.
airSlate	• **Category: Productivity; Subcategory: Business applications, eSignature** • airSlate cloud solutions span PDF editing, workflow automation, e-signature workflows, robotic and document process automation.
Exclaimer	• **Category: Productivity; Subcategory: Email signature management, Scheduling** • Exclaimer provides world-class centralized email signature management solutions for Microsoft 365, Google Workspace, and Microsoft Exchange.
foxit	• **Category: Productivity; Subcategory: Business applications, eSignature** • This cutting-edge AI integration supports dynamic workforce needs, significantly reducing the time spent on document preparation and allowing users to focus on higher-value tasks.
Infrascale™	• **Category: Productivity; Subcategory: File sharing** • Infrascale equips businesses with the confidence to handle the unexpected by providing less downtime, greater security, and always-on availability.

Pax8 Vendor Line Card

Microsoft	• **Category: Productivity; Subcategory: Business applications, Business intelligence** • Microsoft provides industry-leading business applications through Microsoft 365, Dynamics 365, and product for special sectors including Education, Government, and Nonprofits.
MSPCFO Business Intelligence for MSPs. Delivered.	• **Cateogry: Productivity; Subcategory: Business intelligence** • MSPCFO provides actionable intelligence and answers questions pertaining to profitability, efficiency, and other key performance metrics involving clients, engineers, agreements, and contracts.
officeatwork	• **Category: Productivity; Subcategory: Business applications** • The Wizard is designed to simplify the way you craft personalized documents. It ensures that every document is created with efficiency, professionalism, and attention to detail.
Symantec	• **Category: Productivity; Subcategory: Email services** • Cloud-based email security helps companies, governments, and individuals secure their most important data wherever it lives.
trunorth DYNAMICS	• **Category: Productivity; Subcategory: Business applications** • TruNorth Dynamics solutions improve efficiency, data management, and remote work capabilities—all within the Microsoft Dynamics ecosystem.

SALES AND MARKETING

crewhu!	• **Category: Sales and marketing; Subcategory: CSAT (customer satisfaction)** • Crewhu provides an employee recognition and customer satisfaction platform built for MSPs that makes it easy to keep customers happy and grow your organization.
enlyft	• **Category: Sales and marketing; Subcategory: Sales intelligence** • Helps B2B sales and marketing teams identify the companies most likely to become their customers by providing access to real-time company profiles, including firmographic information, technology usage, and
Exclaimer	• **Category: Sales and marketing; Subcategory: Email marketing, CSAT (customer satisfaction)** • Exclaimer provides world-class centralized email signature management solutions for Microsoft 365, Google Workspace, and Microsoft Exchange.
REVSCALE AI	• **Category: Sales and marketing, Subcategory: CRM (customer relationship management)** • Revscale Sales integrates various sophisticated tools and methodologies, including artificial intelligence (AI), predictive analytics, data analysis, and human psychology, to innovate in the domain of customer relationship management (CRM).
Salesbuildr	• **Category: Sales and marketing; Subcategory: Sales acceleration** •Salesbuildr, a global sales and revenue operations platform for MSPs using Autotask or ConnectWise PSA, offers features that save sales teams significant administrative time.
SureImpact	• **Category: Sales and marketing; Subcategory: CRM (customer relationship management)** •SureImpact Nonprofit, built on Microsoft Azure, offers case and impact management, dashboards, and analytics for nonprofits.
VIRTLX More than an Engagement Platform	• **Category: Sales and marketing; Subcategory: CSAT (customer satisfaction)** • VirtlX is an innovative engagement platform designed to revolutionize the way organizations monitor and manage the experiences of both their customers and employees.

SECURITY

Acronis	• **Category: Security; Subcategory: DLP, EDR, Email security, Endpoint security, SaaS security** • Acronis sets the standard for cyber protection and hybrid cloud storage through its innovative backup, anti-ransomware, disaster recovery, storage, and enterprise file sync and share solutions.
actifile	• **Category: Security; Subcategory: GRC (Governance risk and compliance), DLP (Data loss prevention)** • Actifile delivers advanced data security solutions tailored to the needs of MSPs, enabling comprehensive risk management and seamless compliance support.

Pax8 Vendor Line Card

Apptega	• **Category: Security; Subcategory: GRC (Governance, risk and compliance)** • Apptega is a cloud-based cybersecurity and compliance management platform that helps businesses design, implement, and report cybersecurity programs.
AVANAN	• **Category: Security; Subcategory: Email security** • Avanan provides protection from advanced phishing, malicious links and files. Secure all incoming, outgoing, and internal emails and get protection from zero-day malware, malicious URLs, and unauthorized
Bitdefender	• **Category: Security; Subcategory: EDR, Email security, Endpoint security, MDR, Web security** • Provides comprehensive security platform for physical, virtual, and cloud workloads, with endpoint, web and email security.
blackpoint	• **Category: Security; Subcategory: SIEM, SaaS security, MDR** • Blackpoint Cyber brings a streamlined security stack, proprietary MDR technology, and the expertise of world-class analysts to businesses around the globe.
BREACH SECURE NOW	• **Category: Security; Sub-Catergory: Dark web monitoring, GRC, Security awareness training** • Dark web scanning and white-labeled security awareness training. BSN focuses on a client's weakest security link - their employees.
Compliancy Group	• **Category: Security; Subcategory: GRC (Governance, risk and compliance)** • Team of HIPAA experts that provides comprehensive education to partners and customers on federal
CONNECTSECURE	• **Category: Security; Subcategory: Vulnerability management** • Security Assessment & Vulnerability Management safeguards business-critical data from vulnerabilities and exploits.
CROWDSTRIKE	• **Category: Security; Subcategory: Endpoint security, EDR (Endpoint detection and response)** • CrowdStrike empowers service providers to deliver endpoint, cloud, identity and data security solutions to ensure the highest level of protection for their customers.
CyberFOX	• **Category: Security; Subcategory: IAM, PAM** •AutoElevate allows MSPs to remove administrator rights, quickly move to a more secure least privilege model, and control privileged access while delivering a seamless customer experience.
cynomi	• **Category: Security; Subcategory: Security assessment, Vulnerability management** • Cynomi is the leading virtual CISO (vCISO) platform which empowers SPs to deliver CISO-level cybersecurity services to any organization.
CYRISMA	• **Category: Security; Subcategory: Vulnerability management** • CYRISMA provides a complete risk assessment and mitigation ecosystem to MSPs, MSSPs and enterprises, in a single, unified platform.
DefensX	• **Category: Security; Subcategory: Web security** • DefensX protects users from sophisticated cybersecurity attacks by isolating threats before reaching end-point devices, such as desktops, laptops, smart phones, and tablets.
DNSFilter	• **Category: Security; Subcategory: Web security** • DNSFilter has been ranked the No. 1 DNS filtering product by G2, Capterra, and Cybersecurity
EASYDMARC	• **Category: Security; Subcategory: DMARC and email authentication** • an email security solution designed to protect organizations from phishing, spoofing, and other email-based threats by enabling Domain-based Message Authentication, Reporting, and Conformance (DMARC)
ECHOWORX	• **Category: Security; Subcategory: Email encryption** • Predict and aggressively respond to every change: the tech crash, the financial crisis, regulatory upheavals, the birth of social media, a new mobile workforce, sophisticated cyber-attacks and all the uncertainty of our
EXIUM	• **Category: Security; Subcategory: SASE** • Exium provides an MSP-Driven Zero Trust SASE Platform with unified XDR.
HacWare	• **Category: Security; Subcategory: Security awareness training** • HacWare saves MSPs time and effort by fully automating the day-to-day tasks of cybersecurity awareness training and phishing simulations.

Pax8 Vendor Line Card

IBM MaaS360 | With Watson	• **Cateogry: Security; Subcategory: Mobile security** • Makes working in a mobile world simple and safe by delivering comprehensive mobile security and management for applications, documents, email, and devices.
IRONSCALES SAFER TOGETHER	• **Category: Security; Subcategory: Email security, SaaS security, Security awareness training** • Combines human intelligence with machine learning to automatically prevent, detect, and respond to email phishing attacks.
KEEPER	• **Category: Security; Subcategory: Password management, PAM** • Keeper Security is an easy-to-use digital security solution that protects online identities and sensitive information
LastPass	• **Category: Security; Subcategory: Password management** • Business password manager that empowers employees and customers to generate, store, and share credentials seamlessly, while providing valuable insight and control to MSPs.
Lookout	• **Category: Security; Subcategory: Mobile security** • Lookout, Inc. is the endpoint to cloud security company purpose-built for the intersection of enterprise and personal data.
mailguard 365	• **Category: Security; Subcategory: Email security** • MailGuard365 strengthens your M365 email security against advanced zero-day attacks.
Microsoft	• **Category: Security; Subcategory: Endpoint security, Email security, Data protection and compliance** • Microsoft security solutions protect your business from cyberthreats across all Microsoft and third-party cloud services.
N-ABLE	• **Category: Security; Subcategory: Password management** • N-Able provides simple yet secure password and documentation management.
NORD SECURITY	• **Category: Security; Subcategory: Dark web monitoring, Password management, SASE, VPN, Web security** • The world's most advanced VPN service NordVPN, the next-generation password manager NordPass, encrypted cloud storage NordLocker, and the advanced network access security solution NordLayer
OSTENDIO	• **Category: Security; Subcategory: GRC (Governance risk and compliance), Security assessment** • Features include risk assessment, policy management, security awareness training, and continuous compliance monitoring across 300+ security frameworks.
PHIN	• **Category: Security; Subcategory: Security awareness training** • Phin is a B2B SaaS solution for Security Awareness Training (SAT) that offers brief and interactive courses that go beyond merely satisfying cybersecurity insurance requirements.
PERCEPTION POINT™	• **Category: Security; Subcategory: Email security, Web security** • Perception Point is a Prevention-as-a-Service company for the fastest and most accurate next-generation detection and response to all attacks across email, cloud collaboration channels, and web browsers.
perimeter 81	• **Category: Security; Subcategory: Endpoint security, Network security, SASE, Web security** • Microsoft security solutions protect your business from cyberthreats across all Microsoft and third-party cloud services.
Pillr	• **Category: Security; Subcategory: MDR, Mobile security, Pen testing, SIEM** • A comprehensive monitoring and alerting security service that consolidates input from multiple threat intelligence sources to validate indicators of network compromise.
proofpoint.	• **Category: Security; Subcategory: Email security, GRC** • Protects customers from advanced email threats including phishing, malware, spam, viruses, malicious attachments, spoofed emails and more.
RED SIFT	• **Category: Security; Subcategory: Email security, Vulnerability management** • Red Sift enables organizations to anticipate, respond to, and recover from cyber-attacks while continuing to operate effectively.

Pax8 Vendor Line Card

SentinelOne	• **Category: Security; Subcategory: EDR, MDR** • delivers autonomous endpoint protection through a single agent that successfully prevents, detects and responds to attacks across all major vectors.
Symantec	• **Category: Security; Subcategory: Email security, Endpoint security, GRC, Mobile security, Network security, SaaS security, Web security** • Cloud-based email security helps companies, governments, and individuals secure their most important data wherever it lives.
ThreatDown Powered by Malwarebytes	• **Category: Security; Subcategory: Endpoint security, Network security, Web Security, EDR, and MDR** • ThreatDown has an all-in-one endpoint security portfolio designed to safeguard MSPs and their clients from the constantly evolving threats posed by modern-day cybercriminals.
TitanHQ	• **Category: Security; Subcategory: Email security, Web security** • Advanced threat protection blocks zero day attacks, malware, email phishing, spoofing, and malicious websites.
todyl	• **Category: Security; Subcategory: EDR, Endpoint security, GRC, MDR, Network security, SASE, SIEM, Web security** • Todyl empowers businesses with a cloud-first, single agent platform that unifies enterprise-leading security and networking capabilities into a highly customizable, single-pane-of-glass
TREND MICRO	• **Category: Security; Subcategory: EDR, Email security, Endpoint security, MDR, XDR** • Trend Micro's cybersecurity platform protects hundreds of thousands of organizations and millions of individuals across clouds, networks, devices, and endpoints.
usecure	• **Category: Security; Subcategory: Security awareness training, GRC, Dark web monitoring** •usecure enables MSPs to measure, reduce, and monitor employee security practices through admin-lite automation, aiding service providers in enhancing their customers' security with minimal administrative work.
vade	• **Category: Security; Subcategory: Email security** • Vade is a global leader in AI-based email security, protecting 1 billion mailboxes worldwide.
VALIMAIL	• **Category: Security; Subcategory: DMARC and email authentication** • The better, smarter way to accelerate your journey to DMARC enforcement. Valimail authenticates sender identity to stop phishing, protect brands, and ensure compliance
WatchGuard	• **Category: Security; Subcategory: EDR, Endpoint security, Firewall, MFA, Network security, SIEM, VPN, Vulnderability management** • Industry-leading network and endpoint security, secure Wi-Fi, multi-factor authentication, and network intelligence products and services.
WEBROOT an opentext company	• **Category: Security; Subcategory: Endpoint security, Security awareness training, Web security** • Provides security solutions for managed service providers and small businesses, including endpoint protection, network protection, and security awareness training.
