3 Implement
the GAPS.

Pathways to Gold+

As simple as 1 > 2 > 3!

1 Choose Your Outcome + Cert Target Level.

Decide the minimum level that makes sense for your business or your client:

Bronze =
Baseline
cyber hygiene
\$95

Silver =
Insurable
\$195

Gold =
Compliance-ready
\$395

2 Build your CyberCert Tech Stack.

Pick the right bundle of tools that fit your budget and outcome:

Tech Bundle 1
~\$8/seat/month

Tech Bundle 2
~\$15/seat/month

Tech Bundle 3
~\$20/seat/month

3 Implement the GAPs.

Close the gaps required at each step, certify at that level, then decide if you want to move up.

Bronze → Silver → Gold
(with optional Platinum/
Diamond beyond)

Each certification provides
objective proof for insurers,
supply chains, and regulators.

WHY CYBERCERT?

Simple.
Affordable.
Certifiable.

From hygiene
to compliance,
CyberCert
provides the
clear, measurable
pathway.
